## Welcome....

Please relax as here at Byfords we love kids! Although our layout is not ideal for buggies & keeping your eye on the little ones, we have tried to do everything else to make your experience a good one.

**HIGH CHAIRS:** If one does not arrive within seconds of you sitting down, just ask & we will be glad to help.

**BUGGY PARK:** We are tight for space but there are areas to put your buggy. Please ask a member of the team.

**BABY FOOD:** We are happy to heat this, but please remember that not all our staff have children, so please give clear instructions on how you would like the food prepared. Please note our microwave is a commercial one & food will take less time to heat through.

**TOILET SEATS:** There is one of these behind the main doors to the disabled / baby changing facilities & both the gents & ladies. Please replace after use.

**FOOD OFFER:** All made here at Byfords. Please ask if you would like something not on the menu, we will try our best.

As for the behavior of your children, we leave this totally down to your discretion but please respect other diners - as difficult as this might be! & for those that huff & puff, & make you feel that their children would never do such things... turn up the volume!

Have a stress free meal & anything you need, just ask, it's not a problem!
